INTRO –

Tumhari Financial Journey yahin se start hoti hai

School hume bohat si cheezein sikhata hai...
Lekin ek sab se important cheez miss ho jati hai:

Paisa samajhna.

Is liye aksar log confuse rehte hain:

- **Paisa kahan kharch karein?**
- **Kaise bachayein?**
- **Kaise grow karein?**

Ye guide tumhe simple aur practical tareeke se sab samjhayegi.

@nanhainvestor

SIMPLE
Easy language me samjho

PRACTICAL
Real life examples aur tips

STEP-BY-STEP
Har concept easy steps me

BETTER FUTURE
Aaj seekho, kal aage badho

PAISA ASAL ME KYA HAI?

Paisa sirf kharch karne ke liye nahi hota.
Paisa ek **TOOL** hai.

PAISA TUMHARI LIFE KO:

SECURE
Future ko safe banata hai

GROW
Opportunities create karne me help karta hai

FREEDOM
Tumhe choices aur freedom deta hai

@nanhainvestor

GOLDEN RULE:

Paisa ya to kharch hota hai... ya grow hota hai.

YAAD RAKHO:
Paisa khatam ho sakta hai,
lekin sahi use se paisa badh bhi sakta hai.

SAB SE BARI GALTI

Log **paisa aane** ka wait karte hain.

> "Jab zyada paisa hoga tab save karunga."

KYA GALAT HAI?

Is soch ki wajah se log kabhi start hi nahi karte. Aur jab tak start nahi karte, tab tak kabhi progress nahi hoti.

REALITY:

Saving habit **amount** se nahi...
discipline se banti hai.

@nanhainvestor

KAHAAN SE START KAREIN?

1

CHHOTA START
Chhoti amount se start karo.

2

REGULAR RAHO
Har roz thoda save karo.

3

CONSISTENT RAHO
Consistency hi tumhe aage le jayegi.

YAAD RAKHO:
Paisa aane ka wait mat karo...
Aaj se save karna **start** karo.

RS 100 RULE

Roz ke chote decisions tumhara future banate hain.

OPTION A

Rs 100 =
snacks

Thodi der ki khushi,
khatam aur khatam.

OPTION B

Rs 100 =
saving

Aaj save kiya,
kal kaam aayega.

@nanhainvestor

Decision tumhara,
Future tumhara.

YAAD RAKHO:
Rs 100 chota lag sakta hai,
lekin habit badi ban sakti hai.

SAVING VS INVESTING

Dono zaroori hain, lekin kaam alag-alag.

SAVING

Paisa bachana

Goal: Security

Saving se tumhara paisa safe rehta hai.

INVESTING

Paisa grow karna

Goal: Growth

Investing se tumhara paisa time ke sath badhta hai.

@nanhainvestor

QUICK COMPARISON

	SAVING	INVESTING
PURPOSE	Paisa safe rakhna	Paisa badhana
TIME HORIZON	Short-term	Long-term
RISK LEVEL	Low	Medium to High
RETURNS	Low	High

EXAMPLE

Agar tum Rs 100 ko sirf rakh doge, toh woh Rs 100 hi rahega.

Agar tum usse invest karoge, toh woh time ke sath Rs 500, Rs 1000, Rs 5000 ban sakta hai!

YAAD RAKHO:

Pehle save karo, phir invest karo.
Balance hi financial success ki key hai!

3 COMMON MISTAKES

Beginners aksar ye galtiyan karte hain, jo unhe aage badhne se rok deti hain.

1 SAB PAISA KHARCH KAR DENA

Save kiye bina sab kuch kharch kar dena future problems ki wajah banta hai.

2 PLANNING NA KARNA

Bina plan ke paisa manage karna bohat mushkil hota hai.

3 JALDI RICH BANNE KI SOCH

Shortcuts dhoondhna aur unrealistic expectations rakhna disappointment ka reason banta hai.

@nanhainvestor

YAAD RAKHO:

Galtiyan har koi karta hai, lekin jo inhe pehchaan kar sudhar le, wahi aage badhta hai.

HABITS THAT CREATE WEALTH

3 SIMPLE HABITS

Agar tum ameer banna chahte ho,
to in 3 habits ko aaj se follow karo.

01 PEHLE SAVE KARO, PHIR SPEND

Pehle apne future ko pay karo,
jo bache use spend karo.

02 HAR PAISA TRACK KARO

Jo track hota hai,
wo control hota hai.

03 CHHOTI AMOUNT SE START KARO

Amount chhoti ho sakti hai,
lekin habit chhoti nahi honi chahiye.

YAAD RAKHO:
Consistency amount se zyada important hai.
Aaj ki chhoti aadat, kal ki badi freedom.

@nanhainvestor

MINI CHALLENGE

Badi change ke liye badi amount ki zarurat nahi hoti.
Chhoti steps, roz lo aur apni financial life badlo.

3-DAY MONEY CHALLENGE

DAY 1

Rs 50 SAVE KARO

Aaj ke din apne pocket money ya kharche me se Rs 50 alag rakho.
